All styles of StoneRox are available in all colours with the exception of Precision Ledge*. While every care is taken to ensure that the colour reproductions are accurate, it is impossible to reproduce the stone's subtle shades exactly. We advise inspection of samples before purchase. The colours represented here are as accurate as modern technology will allow.

StoneRox currently offers nine standard colours, each reflecting the true essence of our Canadian lanscape. Kawartha Ridge is the latest colour mix to be introduced to the product line so we invite you to visit your local StoneRox dealer to view samples.

*Please refer to 'Precision Ledge' under the 'Products' Section of this site for more information on colour availability for this style.
